

Brazil Arts Orquestra

Arts Orquestra sees itself as the “World of Music Orchestra“ with Brazilian roots. It embodies a mixture of Samba, Bossa Nova, Baião, Frevo, Maracatu and Choro, as well as rhythms from northeastern Brazil and Africa. The music of the Brasil Arts Orquestra---founded in 2018--- moves freely among Jazz, Funk or Samba-Reggae and musically employs South American and European sounds. Nevertheless, it remains distinctly “Brazilian“: sentimental, cheerful, dancing. Lots of sound ... plenty of emotion.
